Command Line COUNTDOWN

Name:

1] Describe the **FIVE** most **USEFUL** terminal commands you've learned. Explain what each command does that makes it more useful than other commands. (Be specific.)
2] Describe the **FOUR** most **INFORMATIVE** terminal commands you've learned. Explain what information each command provides you with. (Be specific.)
3] Describe the **THREE** most **CONFUSING** terminal commands you've learned. Explain what was confusing about each command, or what unanswered questions you still have concerning it. (Be specific.)
4] Describe the **TWO** most **DANGEROUS** terminal commands you've learned. Explain what is risky about each command, or why it should always be handled with care. (Be specific.)
5] Describe the **ONE** most **ELUSIVE** terminal command you haven't learned but wish you had. What command do you wish existed and why? (Be specific.)
Optional] What suggestions do you have to improve the class moving forward?
