

LANGUAGE ARTS	1	2	3
Phonics and Spelling			
Uses syllable types to encode words			
Spelling/Encoding			
Fluency			
Reads grade-level passages with automaticity to support comprehension*			
Reads grade-level passages with accuracy to support comprehension*			
Demonstrates phrasing, expression, and attends to punctuation			
Decodes multi-syllabic words			
Vocabulary			
Uses a variety of strategies to determine meaning			
Comprehension			
Uses metacognitive thinking strategies to comprehend text*			
Compares the use of story elements*			
Identifies/compares the use of main idea and details*			
Identifies/uses inferences, conclusions & generalizations*			
Identifies and uses text organization*			
Identifies/interprets figurative language*			
Responds in writing to text dependent questions citing evidence			
Speaking and Listening			
Engages effectively in large and small group discussions			
Writing			
Focus on a topic*			
Content explanation*			
Organization of writing*			
Style/word choice*			
Conventions of writing*			
Identifies grammatical structures			

MATH	1	2	3
Operations and Algebraic Thinking			
Writes and solves multiplicative comparison statements			
Solves multi-step equations using the four operations			
Uses patterns to develop and follow a rule			
Understands how factors and multiples help determine prime and composite numbers			
Numbers and Operations			
Understands the place value system			
Performs addition and subtraction with multi-digit numbers			
Performs multiplication of whole numbers			
Performs division of whole numbers			
Understands the concept of equivalency in fractions			
Performs addition and subtraction of fractions			
Performs multiplication of whole numbers and fractions			
Connects and compares decimal notation with fractions			
Measurements and Data			
Measures angles and uses adjacent angles to solve problems			
Solves problems involving measurement and conversions from a larger unit to a small unit			
Displays and interprets data			
Geometry			
Draws and identifies lines and angles			
Classifies two-dimensional figures by properties of their lines and angles			
Open Ended Responses			
Responds in writing to math open-ended questions			

SOCIAL STUDIES	1	2	3
Civics and Government			
Describes civil participation and lawmaking			
Economics			
Explains supply and demand; explains taxation			
Geography			
Uses map features to understand our world			
History			
Understands North American History from the 15th century through the 18th century			

BEHAVIORS	1	2	3
Learner Behaviors			
Completes satisfactory work on time			
Follows directions			
Organizes belongings			
Produces neat work			
Puts forth best effort			
Stays on task			
Works appropriately in large groups			
Works appropriately in small groups			
Works appropriately on independent tasks			
Writes legibly			
Social Behaviors			
Assumes responsibility			
Demonstrates self-control			
Displays positive attitude			
Independently resolves a problem or conflict			
Obeys school rules			
Pays attention			
Respects adults, peers and property			

SCIENCE	1	2	3
Life Science			
Identifies and explains how adaptation helps organisms to survive			
Identifies the ways that environmental changes and pollution impact natural systems			
Physical Science			
Describes various forms of energy			
Earth Science			
Explains how motion of the Earth and moon relate to time measurement			
Scientific Inquiry			
Recognizes and uses the elements of scientific inquiry to solve problems
